SAN DIEGO

A CHANGE FOR THE BETTER BEGINS WITH YOU

Dear Mission Bay Boater -

Welcome to Mission Bay Park, the largest man-made aquatic park in the country. With more than 4,200 acres, half of which are on the water, the Bay is one of San Diego's most popular locations to water-ski, sail, jet-ski, or paddle. With over 15 million visitors each year, we need everyone's help to keep Mission Bay clean.

Do Your Part:

- Stow it - Don't throw it! Keep your trash on board - dispose in shore-side facilities.
- Hold on to your "butts" - Cigarettes are toxic to marine life.
- Minimize boat cleaning and maintenance in the water.
- Spill proof oil changes and fueling - Fuel slowly, use an absorbent to catch drips & spills.
- Never dump sewage into the bay - Use pump-outs in Quivira Basin and Perez Cove.

Please help us keep our beaches and bays beautiful, healthy, and pollution free!

We hope you enjoy your visit!
